Director's address to students on the first day of the assembly

Edify Student Council - Investiture Ceremony

TRAINING SESSIONS

Get trained to TEACH

Faculty Development Program

Teaching is a profession of versatility. Teachers are parents, friends, mentors, counselors, better listeners, analysts, psychologists what not. To play such roles in the life of students, every teacher must be a consistent learner. Edify always strives to cope up with the requirements of younger generations. In order to meet their necessities, we revive ourselves with the advanced levels in teaching. Teachers at Edify experienced a series of thought evoking workshops and knowledge sharing sessions from inbound and external trainers. Professional teacher is always a progressive learner for life time.

CELEBRATIONS

Student Council Elections 2023-24

“Casting a ballot isn't just something you do for yourself- it is for our collective future”.

Excitement filled the air as Edify School conducted its student elections for the academic year 2023-24.

The contenders for the various coveted positions read out their manifestos trying to convince the co-learners and teachers that they are the right choice for the position. Honourable Director Mr. Praneeth and Academic Dean Ms. Jahnvi inaugurated the event. Students exercised their right to elect by choosing the candidates of their choice. The democratic process instilled values of responsibility and participation, ensuring a bright future for the school's student body. Finally, the most awaited results were declared by Academic Dean Ms. P. Jahnvi during the morning assembly, a day before the Investiture Ceremony.

**Investiture Ceremony
LEADERS ARE MADE,
THEY ARE NOT BORN.**

They are made by hard effort, which is the price which all of us must pay to achieve any goal that is worthwhile- Vince Lombardi

The momentous day of Saturday ie on 22nd of July dawned to bestow responsibilities on the deserving young talents of the school to lead their school from the front with their commitment, confidence and competence. The school held the ceremony with great enthusiasm.

Edify School, Tirupati organized the Investiture Ceremony to bestow the responsibilities on the newly elected members of its Students' Council for the academic year 2023-24. The ceremony was graced by the benign presence of Mr.P.Praneeth, Esteemed Director Sri Padmavathi Educational Institutions and Ms.P.Jahnavi, Respected Academic Dean, Edify School. The student council members, donned in their leadership sashes, with heads held high, they took an oath to serve their fellow students and the school community effectively to fulfil their responsibilities diligently. The event fostered leadership skills, instilled a sense of responsibility, and encouraged teamwork among the young leaders. As the students stepped into their new roles, the entire school rejoiced, knowing they were witnessing the beginning of a promising journey.

ACHIEVEMENTS

Success isn't just about what you accomplish in your life; it's about what you inspire others to do. Edify's trailblazers into Prestigious Centres Of Excellence

We are very glad that seven students among our first Sr. Secondary batch of 2022-23 have got placed in the prestigious IIT, IIIT, BITS Pilani and NIT. We congratulate them for their efforts and determination. We are very proud of you! Thanks a ton to all the supporting hands and hearts for this great success!

Each milestone is a big step

Edify bags an award at Cambridge Annual Coordinators' Conference

Edify School Tirupati has been felicitated with the Shining Star Award during the Cambridge Annual Coordinators' Conference held at Chennai on 02.05.2023. Futuristic ideologies, perseverance, hard work and commitment are always the implicit strengths of Edify.

A step towards character building

"NCC has empowered us to overcome obstacles and face challenges head -on."

The second batch of NCC received their 'A' Certificates during today's morning assembly and was applauded with a thunderous ovation from their co learners and faculty members. All the cadets of the 2021-22 batch got through the test and received their certification in NCC.

Congratulations to all the Cadets.

The talent showcase

"If you don't see yourself as a winner. then you cannot perform as a winner."

Edify family is more than happy to congratulate our shining stars for her brilliant performance in Seiko Kai Karate International India Championship. K.Cherishma of Grade V ,secured 2nd Rank and was awarded with the 'Brown Belt'. As a brown belt, a student is expected to know all the basic techniques of karate and to have strong mental discipline and control. K.Manjula Reddy of Grade -V and V. Kavya Sree of Grade VI secured 6th Rank and were awarded with the 'Orange Belt'. Way to go!

Making of a scientist

Edifiers are motivated towards their field of interest at Edify.

We are proud to announce, Grade X edifier Master Bharadwaj Thamogna has completed his internship in SHAR and got selected for an internship in Tiruvananthapuram ISRO.

Keep going Mr Young Genius. All the best.

The Young Master Mind

Jaya Sree of Grade V Titans participated in Tirupati District Chess Tournament held at Youth Hostel , Tirupati on 17th June 2023 and secured Gold medal in under 9 category. The little master has won 3 out of 4 points and won the medal. Congratulations little champ.

Empower yourself to make sound financial decisions

Congratulations to the Edifiers on successfully completing the Financial Literacy course conducted by the North Carolina Institute for Financial Literacy! Your dedication to learning and improving your financial knowledge is truly commendable. This achievement will empower you to make sound financial decisions. Well done, Edifiers!

Participation in the Dakshina Bharat Hindi Prachar Sabha

Congratulations, T. Jayathri! Your participation in the Dakshina Bharat Hindi Prachar Sabha is truly commendable. Your dedication to learning and promoting the Hindi language is inspiring. Keep up the fantastic work!

Speech is an important part of our personality

Congratulations to Varshini.S of Grade-IV for securing the 1st prize in the Mother's Day speech competition conducted by Arya Vysya Sangam, Tirupati, on 14th May 2023. Well done!

“भाषा की समृद्धि स्वतंत्रता का बीज है । ” - लोकमान्य तिलक

Heartiest congratulations to Shanvitha Sree of Grade-V for achieving a remarkable feat by securing the 1st rank in the PARICHAY, MADHYAMA, and PRATHAMIC exams conducted at Tiruchanoor ZP High School on September 14th. Her dedication and hard work are truly commendable!

Finishing a marathon is a state of mind that says anything is possible.

Kudos to Sharadhya of Grade-IV for her active participation in the Arakkonam Marathon run. Successfully completing the 3kms run, she displayed determination and enthusiasm. Her efforts were recognized with an appreciation certificate on 16th July in Tamil Nadu, encouraging her to continue her pursuit of a healthy and fit lifestyle. dedication and hard work are truly commendable!

GUEST LECTURES

Guest Lecture on 'Healthy Diet and Hygiene'-Grade II

Eating healthy food fills your body with energy and nutrients. Imagine your cells smiling back at you and saying: "Thank you! Good food is a great source of energy. Great energy helps us to perform great things.

Tiny tots of Grade II have attended an energy filled Guest Lecture by Dr Akila B MBBS, MS OBG (Gold medal); FMAS & RM and an Assistant professor in Obstetrics and Gynaecology, SVIMS, Tirupati on 'Healthy Diet and Hygiene' as Part of their Inquiry Module.

Edifiers active participation throughout the session was greatly commended by the guest.

INITIATIVES

Health Reminder - Healthy Habits nurture Healthy Minds

For students, staying hydrated throughout the day is important and for this reason Edify has initiated 'Water Bell' in the regular time table for Edifiers in view of their health and safety. Children are advised to consume water soon after this reminder bell so that they can get rid of dehydration. Little preventive measures today will save us from major difficulties tomorrow.

CLUBS

Media Club - I Can't Keep Calm. I'm In Media Club

Media the third eye of the society. In the process of moulding responsible future generations Edify nurtures Media Club. The opted members of the club place the role of young journalists and get focused on mass communication. As part of the club activity media club members of Grade VI and VII were taken in the school tour for the easy access and the members of Grade VIII and IX were given newspaper analysis as an activity for the 1st week. Good observation helps the good analysis in right way.

In the second week our students geared up to cover the student elections campaign, let's ensure unbiased reporting and fair representation of all candidates. Media Club dedication to informing and empowering fellow students will foster an engaged and well-informed campus community. The coverage was impactful!

During the last week, The Media Club members organized an engaging "How Many Words You Know" activity, promoting holistic child development through an enriched vocabulary that demands regular practice. The game's time limit tested participants' skills, invigorating their passion for learning, creativity, and teamwork. This experience fosters a sense of global citizenship among the children, shaping them into well-rounded individuals.

Literary Club -The Place to Be

In the process of nurturing future laureates Edifier's of Literary club organised innovative activities, the club members of the Grades I to V were involved in a brain storming session of 'Speaking Cards' to motivate spontaneity among the students and the club members of the Grades VI to IX were indulged in Badge making and Vocabulary Hunt activities to inspire the inquisitive learning skills.

International Moon Day highlights the significance of space exploration, scientific progress, and our cosmic curiosity. Primary Literary club members discovered how this historic event unites humanity, sparking interest in astronomy and planetary discoveries. Our secondary club members had an interactive session. Students practice self-introduction, sharing hobbies and aspirations. They designed creative badges representing their personalities, fostering camaraderie and self-expression within the group.

During the last week, The Secondary Literary Club conducted an engaging interactive session, employing charts and sketch pens to familiarize themselves with rhyming words and apply this knowledge in writing captivating poetry. Meanwhile, the Primary Literary Club honed their reading and creative abilities through fun-filled worksheets. Both clubs embraced the joy of learning and paved the way for imaginative expression, fostering a love for literature among the young minds.

Eco Club -Together We Can make a difference

Eco system for the systematic process of life.

Eco club nurtures the blossoming environmentalists for the better tomorrow.

Nature is the source of life and the source needs saviours now.

Through Eco Club Edify trains such saviours! As part of the 1st week club activity the naturalists of Grade I to V prepared badges to create awareness on 'SAY NO TO PLASTIC 'and the young environmentalists of Grade VI to IX were detailed about the objectives of the club and about the importance of biotic and abiotic components of the environment.

In the second week club activity, our Secondary club members learnt about Zero waste kitchen gardening, which involves composting vegetable scraps and kitchen waste with soil and manure to create natural fertilizer. It nurtures plants, reduces waste, and promotes eco-friendly practices.

Our Primary club members Created a powerful Earth-saving poster using two white A4 sheets, crayons, sketches, scissors, and glue sticks. Inspired awareness and action by showcasing the beauty of our planet and urging sustainable practices.

During the last week, the Edify School's Eco Club, led by secondary students, organized an enlightening activity highlighting the significance of sustainable practices. Demonstrating the eco-friendliness of earthen pots, they emphasized how these materials decompose naturally without harming the environment. In the face of current environmental challenges, it is our collective responsibility to adopt renewable and recyclable products. Meanwhile, the primary students contributed by creating eye-catching placards, raising awareness about the vital importance of saving trees and preserving nature for a better future.

Cuisine Club - Our Other Home

Delight in Secondary Cuisine Club's activity by preparing puffed rice peanut butter balls! Blend peanut butter, honey, puffed rice and chocolate chips, roll into balls for a scrumptious, no-bake treat to students. Discover nutrition with healthy stuffed dates! Blend cashews, almonds, and sesame seeds for the filling. Primary Cuisine Club Students explored the benefits of this delicious and nutrient-packed snack during the session.

During the last week of July, In a delightful culinary event, the Secondary Cuisine Club members showcased their talent by crafting delectable 'Apple Peda' with a blend of Ghee, Sugar powder, Roasted gram powder, Cloves and Pista. Meanwhile, the Primary Cuisine Club members prepared a wholesome peanut chat using peanuts, cucumber, carrot, tomato, onion, coriander and salt, offering a tasty and nutritious treat for all to relish.

Creative Club- Care for your talent

Our Creative club members crafted Welcome badges from colourful sheets as a fun way to introduce club members and showcase activities by uniting the community and fostering a sense of belonging.

In the second week, Creative Club members celebrated International Moon Day with DIY moon crafts! They used sandpaper, black sheet, cotton, crayons and glue sticks to explore textures, understand the moon's significance and foster creativity. It was in deed a creative and celestial adventure as well.

In the last week, our Creative club students created special wristbands using colour sheets, cartoon character cut outs, scissors, colour pencils and glue. This creative endeavour not only symbolizes friendship but also encourages them to refine their fine motor skills. It's a perfect and delightful way for young ones to express their creativity while cherishing the beauty of friendship through these personalized bands.

FIELD TRIPS

Field trip to Fire Station and Post Office- Grade I

It is better to see something once than to hear about it a thousand times.

As part of the IM learning on the concept 'Community Helpers', Grade I children were taken to the Fire Station and Post Office for the live experience of how the people in the respective departments render their services to the society. The students were enlightened during the field trip that, no job is small or great, the way we perform matters a lot. Our way of dealing with our responsibilities in the profession creates our surroundings. Respect is earned not grabbed or forced. Everyone deserves respect equally. Every job is equally essential for the smooth run of the society. global citizenship among the children, shaping them into well-rounded individuals.

Field trip to Chandragiri Fort-Grade V

Trip to the glory of our past

As part of the IM learning about historical places, Grade V Edifiers were taken to Chandragiri Fort, the legendary monument located near Tirupati. Inculcating the sense of history and the nurturing the present generation is just like bridging the gap between the glorious past and exciting future. It is an obligation to every citizen to know the history and glory of the great culture as the children are the true heirs of the ancient culture.

ASSEMBLY

SPECIAL ASSEMBLY

Address by Honorable Director on the first day of the assembly

Time for a Good Start

The team that gets off to a good start wins pennants. The day of reopening after the summer break was full of warm greetings and overwhelming energy. The day started with the motivational message of the Director and young edifiers were seen determined for yet another year of accolades and success. as the children are the true heirs of the ancient culture.

Back to school to bag victory!

Fitness & Peace go Hand in Hand

Edifiers celebrated the combo of fitness and peace during the morning assembly on the occasion of International Yoga Day and World Music Day that falls on 21st June. The day depicts the importance of fitness and peace in our lives which we often ignore running behind our dreams. Children performed yogasanas and detailed the healthy benefits of practicing yoga for our physical and mental fitness and also sung the most melodious bits of Carnatic music spell bounding the audience who experienced the pleasance of music.

Hail the icons of compassion

A device around the neck that listens to our heart, cheerful eyes that assures help, pleasant smile that makes us feel the warmth and powerful hand that cures our pain. Edify salutes all such wonderful beings, doctors on the occasion of National Doctors' Day.

The altruistic service and compassion of doctors are praise worthy and all such doctors deserve great respect. Inspired by the wonderful services of doctors to the society, Edifiers of Ventus House presented skits and explained about the importance of doctors in the society during the morning assembly to acknowledge the dedicated services of the doctors.

Obligation towards the country

On the occasion of World Population Day, the dutiful Edifiers of Ignis house showcased the importance of population balance for the development of the country during morning assembly. The display of thoughtful placards depicted the importance of equality.

Progress Is Impossible Without Change, and Those Who Cannot Change Their Minds Cannot Change Anything.- George Bernard Shaw

The World Nature Conservation Day assembly was a dynamic event with the Secondary Terra House Edifiers presenting a thought-provoking skit and speech, highlighting the impact of human actions on the environment. Meanwhile, the Primary Terra House Edifiers engaged the audience through a creative roleplay using picture cut outs, charts and plant and animal toys. The main motive behind both presentations was to raise awareness on World Nature Conservation Day and inspire everyone to take proactive steps towards preserving and protecting our precious natural world pleasure of music.

EXPERIENTIAL LEARNING

STEM ACTIVITY

“The true method of knowledge is experiment” – William Blake

Students of VI, VII and VIII grades actively participated in the STEM projects. They have shown their creativity and innovative skills in presenting their projects. The following projects were done

Grade VI – Bird Feeder

Grade VII – Mouse Trap

Grade VIII – Hen egg laying Box in the society during the morning assembly to acknowledge the dedicated services of the doctors.

Group activities

Our Manners Our Manifestation

Our way of handling things and situations depict our personality. As part of learning by doing activities. Edifiers of Primary grades thoroughly enjoyed the practical demonstration of Dining Etiquettes and participated in the session enthusiastically.

Discipline - A foundation stone of success

The first sign of discipline begins in the assembly.

Edifiers of Grade I to V were given a practical demonstration by the Physical Education Trainers on Assembly Etiquette as part of their IM Group Activity.

The foundation of discipline laid at early ages, lead children to the path of success and nobility.

IM based activities

Learning by Doing

A balanced diet helps you to enjoy a balanced life.

The knowledge seekers of Grade II participated in a group activity on building a Food Pyramid and learnt the right portions of food intake.

Healthy food for Healthy mind and wealthy future.

Setting a Goal

Give an Origin to the Altitude of Life.

As part of the IM Group Activity enthusiastic Edifiers of Grade I took part in a seminar on 'My Dream Job' and bagged the knowledge of various professions and the importance of the jobs performed in that professions with the colourful display of charts.

BOARDERS

Your diet is a bank account. Good food choices are a good investment – Bethenny Frankel

Residential students had an interactive session on Balanced Diet by our residential head, Mr. HariKrishna. Students were made aware of the consequences of obesity, high cholesterol, lower diet food and nutritional diseases. Students were motivated to avoid junk food and have a healthy, balanced diet for a better healthy future.

Etiquette means behaving yourself a little better than is absolutely essential – Will Cuppy

On Sunday 26th June, TABLE ETIQUETTE session was conducted for the residential students. It was an interactive session taken by Mr. Madhan, General Manager of Hotel Pai Viceroy, Tirupati. Students were engrossed in learning the usage of cutlery and understood the basics of table manners. The way we present ourselves to society is the way we earn respect from society.

“Craft is passionately creating something with your hands”

Clubs are a great way to help develop your character and skills that will benefit you in and out of school. Residential students participated in the Art and Craft Club. They made wonderful crafts with paper, waste bottles, cups and thread. The session helped the children to boost up their creative skills. Those crafts were given to IK – teachers to display and use in their classes as part of their play way method of teaching.

In the process of making Masters of all Trades

'Sewing is a universal language where identity and creativity connect all communities' - Jennifer Nobile

Our residential team have come up with a new activity which is a part of the Art & Craft club – 'Sewing Activity'. On Sunday, our residential students experienced and experimented how to sew and how to sew a button with different designs. Every student should know how to sew his/her buttons and sew clothes. This activity develops creativity skills, team building and hands-on experience of sewing.

"To walk in Nature is to witness a thousand Miracles"

Trekking improves Physical Fitness, Musculoskeletal health, Control body sugar, Increases Heart and Lung capacity, Maintaining the balance of Mind and Body, Reduces stress, Cultural understanding, Softer skill development and Social benefits. One of the Sunday's in July residential students were taken for a Trek to Tanapalli hills. Students climbed the hill and enjoyed it well.

"The brain is like a muscle. When it is in use, we feel very good. Understanding is joyous." – Carl Sagan
Mandala Therapy and Brain Gym activities

To increase the enthusiasm of the students and reduce their stress, we conducted Brain Gym Activity for residential students. Our residential counsellors have gone with Mandala therapy which will make students relax and stabilize their emotions, Chicken dance, Macarena dance, which are also known as Brain Gym dance, which increase the enthusiasm of students. Students enjoyed themselves and had a fun time with these energetic dance activities.

Word to the parent

Dear Parent,

Greetings!

An investment in knowledge pays the best interest. Every child is an aspirant of better future where parents feed the dreams of their children and school adds wings so that the children are allowed to soar high in the sky of life to touch the rainbow of their ambitions and success.

Noble thoughts make noble people, noble people make noble societies and noble societies make the world better place to live, survive, prove and succeed

THERE ARE TWO GIFTS WE SHOULD
GIVE OUR CHILDREN:

I take this opportunity to request all the parents to be supportive for the ideologies of your children. Let us replace nagging to understanding, replace comparison to analysis, replace bossing to leading, replace marks to subject knowledge and replace mugging up things to learning and exploring the concepts out of box. Let us not confine our children's talent to certain levels. They are aspirants of future and only sky is the limit to reach their PINNACLE of success when they are allowed to pursue the skills they long for.

The expedition for victory begins here.....

Green Colour Day Celebrations

Red Colour Day Celebrations

CELEBRATIONS

First week of kindergarten

First Impression is the Best.

The tiny tots of Kindergarten enjoyed the 1st week of their schooling with energy filled Palm Printing Activity. The tiny colourful palm prints on the sheets made learning by doing session more enthusiastic.

Love to Learn, Learn to Live.

Radiant Red Day

Red is a stop sign. Red is a rose. Red is an apple, And a funny clown's nose!

Kindergarten sections clad in Red on the occasion of Red Day and little kindergarteners of IK-II and IK -III enjoyed the day on learning the things, fruits and vegetables in red.

Children were served red fruits as snacks to develop healthy food habits.

Learning in Fun - Fun in learning.

Love to Learn, Learn to Live.

Vibrant Green Day

A meter of green is greener than a centimeter.

The vibrant Green Color Day at Edify School witnessed enthusiastic Kindergarten students celebrating nature's hues. They portrayed farmers, highlighting the significance of leafy vegetables in our lives. The little ones even formed the word "Edify" to display their unity and creativity. An inspiring and educational celebration!

Friendship Day Celebrations

A circle is round, it has no end. that's how long I want to be your friend.

On 28th of July, Friendship Day celebrations in the kindergarten were filled with adorable moments as little ones crafted colourful friendship bands with care. Their eyes lit up with joy while tying the bands to each other's wrists, forming precious bonds of friendship that will last a lifetime. The innocence and love shared were heart-warming to witness.

Experiential Learning

Week observance of the month - Vanamahotsav Week

As part of week-long celebrations of Vanamahotsav, the little nature saviours of kindergarten actively participated in Nature Walk, Planting a sapling and sowing of seed.

Learning to spread Green for their evergreen future.

Sensory Stations

Young children develop best through directly engaging with their world, moving and exploring with their senses and taking in information from their environment. The explorers of IK - III gained the knowledge of sense organs and their functions through an energy filling activity as part of their IM module.

Tell me and I forget. Teach me and I remember. Involve me I learn. Learning is always a pleasure.

Blind fold game

In the Kindergarten IM activity for IK-III, children explored their sense of sight and hearing. They played the Blindfold game outdoors, enhancing their reliance on other senses. Indoors, in the music room, they felt musical instruments and soft cotton cloth, heightening their auditory and tactile experiences.

Fine motor Skill activity of the month

Kindergarten students engaged in lacing and zipping activities to enhance fine motor skills and hand-eye coordination. The fun and interactive sessions utilized lacing pads, bags and trousers from the school store. This practical approach not only fostered their motor abilities but also instilled a sense of accomplishment and enthusiasm for learning.

ASSEMBLY PRESENTATIONS

Special Assembly Presentation

Good with Mud- International Mud Day

Teaching children about the natural world should be seen as one of the most important events in their lives.-

Thomas Berry

Mud, this grubby, gooey, sticky substance always seems to have magical powers. In its presence, so much is possible. Simply standing in it fires up our imagination! Even when we hold mud in our hands, we still feel as though we can create anything. We are transported very quickly into a playful child-like state of mind. And there is no greater pleasure than giving ourselves permission to get dirty!

29th of June which marks the International Mud Day, Edifiers of IK -II and IK -III experienced the mud play. They squelched it with their hands and toes and made imprints on a chart. Tiny palm mud imprints were a masterpiece unexplained. Children were also shown different articles made of mud that are used in our everyday life.

Profession of Pride and Honour- National Doctors' Day

A special assembly was organised for our tiny tots of Kindergarten on the occasion of National Doctors' Day. Children are explained the importance of doctors in the society and the self-less service of doctors to the society. Respect is earned not taken.

Say NO to single use Plastic- International Plastic Bag Free Day

On the occasion of the International Plastic Bag Free Day, the tiny naturalists of Kindergarten are motivated towards using eco-friendly material and conducted awareness on getting rid of single use plastic during today's morning assembly.

Little awareness brings a greater change

Blooming buds learning Green- Vanamahotsav Week

As part of Vanamahotsav Week blooming little buds of Kindergarten participated in a role play that depicted the importance of growing trees and hazardous results of deforestation.

Spread Green for the Pink Future.

Edible Happiness - World Chocolate Day

It's a yummy morning for the kindergarteners at Edify. On the occasion of the World Chocolate Day tiny tots of Kindergarten were dressed up in the attire of chocolates and performed a delicious presentation during the morning assembly.

Learning is always fun.

Thanks for being the wind beneath my wings- National Parents' Day

23rd of July is observed as National Parent's Day every year. The Kindergarteners during the Special Assembly on National Parent's Day, dressed as parents to honour them. The teacher highlighted the significance of parental love and respect using props and placards to create an engaging and meaningful learning experience.

"Earth provides enough to satisfy every man's needs, but not every man's greed. -Mahatma Gandhi

World Nature Conservation Day

The kindergarten students' Nature Conservation Day assembly was a delightful affair as they expressed their love for nature. Through captivating drawings, rhymes, and simple messages, they highlighted the importance of caring for the environment. Their innocence and enthusiasm touched everyone's hearts, inspiring a deeper appreciation for nature and the need to protect it.

IM BASED ASSEMBLY PRESENTATIONS

Movable body parts – IK-III

My body parts- IK-II

Responsibility towards sense organs- IK-III

I have five senses- IK-III Titans

Competition of the month

The Duck Walk and Hoop Race competitions are enjoyable activities for kindergarten students that promote physical movement and coordination. In the Duck Walk, children imitate the waddling movement of a duck, developing balance and body awareness. The Hoop Race involves manoeuvring through hoops on the ground, enhancing agility and spatial awareness.

These competitions encouraged our kindergartners to learn about teamwork, friendly competition and healthy physical activity, fostering cognitive skills like following instructions and strategizing movements. These healthy competitions provide engaging opportunities for students to develop motor skills and have fun. Our tiny kindergartners enjoyed well.

WORD TO THE PARENTS

“There are many little ways to enlarge our world. Love of books is the best of all.”

– **Jacqueline Kennedy**

Reading is the first and most **crucial step to literacy.**

For very young children who are eager to begin reading and listening to stories

For children who recognize familiar words and can read new words with help

For children who are ready to read on their own

For older children who can read with confidence

Where can I order books online for the emergent
