"A day filled with love, joy and laughter—that's what Children's Day is all about!"

"Champions don't wait for chances—they create them."

CELEBRATIONS

Children's Day

Our campus sparkled with joy as our Dynamic Director Mr. Praneeth Penumadu, beloved Academic Dean Ms. Jahnavi P, and Principal Dr. Deverajulu T graced the celebration. Kids rocked the stage with dances, songs, and creative stalls! A special appreciation to Mohith Chandra (Grade-VIII) for his outstanding performance in ZEE Sa Re Ga MaPa!

ACHIEVEMENTS

CONGRATULATIONS !

B. Vinya Reddy

P. Anshika

Grade-IX Stalwarts bagged 🏆 Silver Medal in 69th S.G.F Inter-District Chess Meet-2025!

Strategic mind, unstoppable moves — she plays to win!

CONGRATULATIONS !

"Tata Building India" School Essay Writing Competition and brought laurels by winning medals and certificates!

- Gold Medalists: K.S. Dharshika (VIII Mavericks), K. Bhavyasree (IX Achievers)
- Silver Medalists: Adhisthan (VI Pioneers), A. Varnika (IX Mavericks)
- Bronze Medalists: P. Jashwin (VII Achievers), K. Suhas (IX Innovators)

CONGRATULATIONS !

Y. Samanvitha

Grade-IX Pioneers achieved Diploma (Part-1) Gold Medal in Carnatic Vocal with 91%, A+ grade!

Her melodious voice blends passion and perfection — a true symphony of success!

GUEST LECTURES

Guest lecture by Ms.T.A. Kavitha on Force and Simple Machines

Grade-V students attended an insightful guest lecture on “Force and Simple Machines” by Ms.T.A. Kavitha, our in-house faculty. Through engaging PPTs and live demonstrations, students explored how forces and machines simplify daily life!

CLUBS

Media Club - “Where every frame has a Voice .”

Disaster Risk Reduction

A powerful collaboration between Eco Club & Media Club! Students explored Disaster Risk Reduction, researched resources, and presented insightful speeches. They learned teamwork, safety, and community responsibility. “Be Aware, Be Prepared, Be Safe!

AI in Education

Media Club students dived into the world of AI in Education, gaining insights into personalized learning, critical thinking, and digital literacy. A step toward smarter, tech-driven education!

Spy Agencies of Different Countries

Students presented an exciting role play on Spy Agencies of Different Countries, learning about their functions, mottos, and national security responsibilities. They explored intelligence gathering, counter-terrorism, and protection of national interests.

Memory skills and India's future

Media Club students performed a role play on memory skills and India's future. It boosted knowledge recall, problem-solving and practical learning. They envisioned India as a globally innovative, tech-advanced education hub.

Literary Club – “Ink your thoughts, Voice your vision .”

Product Marketing & Hear it, Spell it, Mean it

Literary Club buzzed with creativity! Primary members showcased their product marketing skills, enhancing LSRW abilities and confidence. Secondary members enjoyed the “Hear it, Spell it, Mean it” homophone challenge — mastering word meanings and teamwork. Think. Speak. Spell. Shine!

Hop into a Story

Literary Club buzzed with creativity as primary students enjoyed “Hop into a Story + My Story Map”, while secondary students debated “Is AI essential in today’s education?” Enhancing confidence, creativity, and communication!

Echo English Explorers & Online vs Classroom learning

Primary students explored Echo English Explorers, boosting EVS vocabulary, spellings, pronunciation, and listening skills. Secondary students debated online vs classroom learning, enhancing communication, reasoning, and confidence.

Hard Work vs Smart Work

Literary Club's Smart Readers Squad held a debate on Hard Work Vs Smart Work, boosting reading habits, vocabulary, communication and awareness of current events. Students learned teamwork, reasoning and confident expression!

Eco Club – “Greener minds for a cleaner Earth .”

Leaf Creation by Young Creators

Our young Eco warriors turned waste leaves into beautiful sceneries through a fun interactive session! They learned the art of reusing natural waste creatively, promoting waste management and boosting creativity.

Bird Feeders

Eco Club members crafted Bird Feeders to show compassion for nature. Through this drive, students learned about coexistence, urban impact on birds, and how small acts of kindness nurture our planet. Spreading love, empathy, and eco-awareness!

Think Before You Throw & Gratitude Tree

Students learned about e-waste, its dangers, and safe recycling practices, building responsibility toward a cleaner planet. The Gratitude Tree nurtured empathy, positivity, and emotional well-being.

Leaf bookmarks and Fossil art

Eco Club students created leaf bookmarks and fossil art, exploring nature's beauty while learning reduce, reuse, recycle. A fun way to boost creativity, teamwork and eco-awareness through hands-on experiences!

Cuisine Club – “Sizzling ideas, Savory results .”

Nutella sticks & Corn-sprout chaat

Our little chefs whipped up Nutella sticks & corn-sprout chaat bursting with flavor and nutrition! Through this fun-filled activity, they learned hygiene, healthy choices, and creative cooking skills. Healthy can be Yummy!

Andhra Mixture & Fruit Salad

Cuisine Club turned delicious as primary students made Andhra Mixture, celebrating regional flavors, while secondary students whipped up a Fruit Salad full of vitamins and freshness! A perfect blend of taste and health!

Dates treats and Dahi puri chaat

Students made delicious dates treats and dahi puri chaat, learning ingredients, textures, and healthy snack choices. They enjoyed natural sweetness with Nutella and crunchy nuts.

Edify's Menu Card & Boti Masala Chaat

Cuisine Club students designed Edify's Menu Card and made yummy Boti Masala Chaat, learning food categories, pricing and value of money. A fun mix of creativity, nutrition and tasty bites!

Creative Club – “Where imagination meets creation!” Art You Can Carry

Creative Club members designed stunning tote bags through fabric painting, blending art with sustainability. They explored creativity, color sense, and confidence while promoting eco-friendly living. “Paint. Create. Reuse. Repeat!”

Children's Day Cap Crafts & Giant Poster

Creative Club members made Children's Day Cap Crafts and a Giant Poster honoring Pandit Jawaharlal Nehru. Through teamwork and artistry, students celebrated his love for children while developing creativity, fine motor skills, and respect for national leaders!

Artful Adventures

Students enjoyed Artful Adventures, creating colourful paintings and paper-tree crafts! Through sponge dabbing and playful techniques, they blended shapes, colours, and textures creatively. They expressed ideas confidently through vibrant, imaginative artwork.

Community Service Club

As part of our Community Service Club initiative, in collaboration with Praneeth Foundation, Edify School Tirupati has proudly donated Lab Equipment, Sports Equipment, and Library Furniture worth Rs. 3 Lakhs to Z.P. High School, Tiruchanoor.

Our Edifiers actively participated in this noble cause and felt immense happiness in contributing to the betterment of students. This initiative reflects our school's commitment to Social responsibility, empathy, and holistic education — nurturing students who not only learn well but also give back to society.

JOY OF GIVING

Spreading Joy through Giving: Filling Hearts with Kindness, Hands with Action, and Souls with Gratitude”

Field trip to Regional Science Centre – Grade – IV Students

SPECIAL ASSEMBLY

National Education Day

Primary Aqua and Secondary Ignis Houses presented an inspiring skit and speech honoring Maulana Abul Kalam Azad, India's first Education Minister. The assembly highlighted the right to education and its power to shape a brighter, stronger nation.

World Kindness Day

Primary Ventus and Secondary Terra House students celebrated World Kindness Day through a heartfelt skit and creative posters, spreading the message of empathy, compassion, and humanity. Small acts create a big impact!

National Integration Day

Ignis House Students presented a powerful role play on National Integration Day, celebrating values of unity, respect, and togetherness. They learned to appreciate India's rich diversity and live with harmony and friendship.

Thanksgiving Day

Primary Aqua & Secondary Ventus House students presented a heartwarming Thanksgiving Day assembly. They learned to thank everyone who supports them daily and express true gratitude.

National Constitution Day

Secondary Aqua House students presented a special National Constitution Day assembly, highlighting the importance of the Indian Constitution and the powerful message of the Preamble. A reminder of unity, justice and nation-building!

IM BASED ASSEMBLY

Grade-III Mavericks – Presentation On Animal Habitat

Grade-III Stalwarts – Presentation On Amazing Animals

Grade-III Pioneers – Presentation On Types of Animals Based on Food Habitats

Grade-III Titans – Presentation On Solid Shapes

Grade-II Mavericks – Presentation On Types of Parts of a Plant

Grade-II Stalwarts – Presentation On Types of Plants

Grade-II Pioneers – Presentation On Measurement

GROUP ACTIVITIES

GRADE - I

Candle–Jar Air Experiment

Grade-I students explored science through the Candle–Jar Air Experiment learning how air supports burning while practicing the scientific method. This hands-on activity built core skills and connected science to real life.

Leg Up Stick Race

Our little champs teamed up in pairs, walking together using sticks on their legs. This fun challenge builds physical skills, teamwork, focus & problem-solving. Boosting confidence while creating joyful memories!

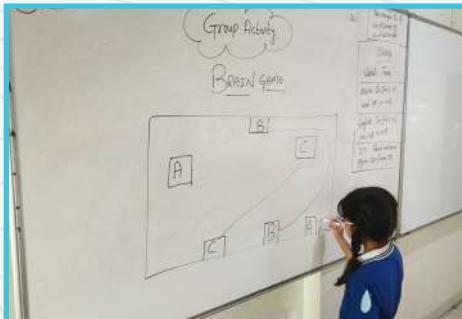

GRADE - II

Brain Game

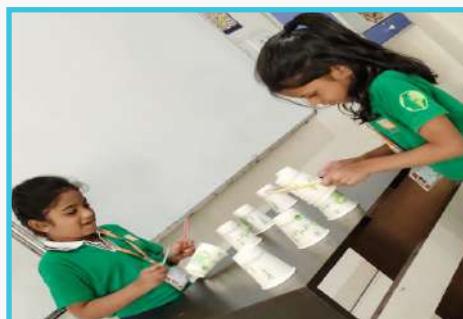

Grade-II students had a fun-filled Brain Game through an interactive session!

It boosted their thinking skills, concentration, and problem-solving abilities while learning through play . A perfect blend of fun and focus!

CUP Stacking Challenge

Grade-II champs had a fun-filled, interactive session that boosted confidence, concentration, and problem-solving skills.

Book Balance Derby

Grade-II Book Balance Derby. An exciting game to develop balance and body control, improve focus and steady movement. It builds patience, teamwork, coordination and confidence while walking.

GRADE - III

School Swachh Drive

Grade-III students joined the School Swachh Drive learning the value of cleanliness and responsibility toward the environment. They discovered how small actions create a big positive impact and the joy of keeping surroundings clean.

Hoop Relay Challenge

Grade-III Hoop Relay Challenge. A super fun activity that boosts teamwork, quick problem-solving, and smooth coordination. Students learned to work together to achieve a common goal while enjoying energetic play.

GRADE - IV

Flow Chart on Paragraph Writing

Grade-IV students actively participated in an interactive “Flow Chart on Paragraph Writing” activity. They learned to frame paragraphs with topic sentences, supporting details, and conclusions, expressing ideas clearly and creatively.

WEEKEND WONDERS

Quiz Competition

Grades VI–X participated in an exciting Quiz Competition on Social Studies, General Knowledge, and Current Affairs. The interactive session boosted teamwork, awareness, and decision-making skills . “Quiz, Compete, and Conquer Knowledge!

Social media Effects & Cyber Security

Grade VI–IX students explored the impact of social media, cyber security & online gaming in an insightful session led by Mr. Sreehari.

Positive attitude & Decision-making

Grades VI–IX had an energetic session on positive attitude & decision-making by Ms. Meenakshi. Through relatable scenarios, students reflected on their behaviour, understood how attitude shapes daily choices, and built confidence for real-life situations.

CLASSROOM ACTIVITIES

Agriculture Practices

Grade-VIII Students showcased creativity through posters and roleplays, exploring how various products of daily use are obtained. Their engaging presentations enhanced understanding of agriculture's importance in our daily lives.

The Bermuda Triangle

Grade-VI Students created informative charts and posters to explore its location, mysteries, and scientific explanations. This activity enhanced analytical thinking and curiosity about real-world geographical phenomena.

Threads of Creativity & History

Grade-VIII students explored Bandhini Art, the traditional tie & dye technique while learning about industrialization under the British. They created stunning textile designs, blending art, culture, and history beautifully!

SPIC MACAY

Our campus came alive with the vibrant energy of Pung Cholom, the thrilling traditional drum dance of Manipur — presented by SPIC MACAY

Our students witnessed the perfect blend of rhythm, acrobatics, culture, and devotion — a true celebration of India's rich heritage. A heartfelt thank-you to SPIC MACAY for bringing this incredible art form to our school.

EDI SPORTS

EDISPORTS 2025–26 Hosted by Edify School Tirupati

Our school proudly organized Edisports 2025–26, bringing together 7 Edify Schools from MDN Edify for an exciting inter-school sports meet. From teamwork to true sportsmanship, every participant gave their best and we're thrilled to announce that Edify School Tirupati emerged as the Overall Champions! A big thank-you to all the participating schools, coaches, and students for making this event a grand success. Together, we celebrated talent, spirit, and healthy competition!

BOARDERS

Media Club

Poster Making on Yoga Blog

Students creatively designed their own yoga blogs on A4 sheets, learning about the amazing benefits of yoga for a healthy and fit lifestyle. A perfect blend of art and wellness!

Comic Strip

Students designed their own comic strips, boosting creativity, imagination, vocabulary, and storytelling skills! This fun-filled activity enhanced story sequencing, expression, and critical thinking.

Eco Club

Design Art with Nature

Students used natural materials to create beautiful art, developing a deeper understanding of the natural world. This hands-on activity fostered creativity, sustainability awareness, and an emotional bond with the environment.

Vegetable Printing

Students explored creativity using vegetables as printing tools, turning nature into art! This fun eco-friendly activity fostered imagination and respect for nature through sustainable learning.

Coconut Burfi

Cuisine Club

Students enjoyed making delicious and flavorful Coconut Burfi — a simple, nutrient-rich treat that improves digestion and serves as an energizing snack for a busy day. Learning the joy of cooking with taste and health!

Cornflakes Chaat Delight

Students prepared a yummy and healthy snack using simple ingredients rich in carbohydrates, vitamins, and minerals! This fun activity taught them the joy of nutritious cooking.

Creative Club

Tote Bag Painting

Residential Creative Club Activity – Tote Bag Painting! Students used fabric paints and markers to design stunning eco-friendly bags. This fun-filled session boosted confidence, pride, and imagination while nurturing creativity and sustainable habits.

Peacock Craft Making

Students beautifully crafted peacocks using paper and colors, exploring color theory, symmetry, and creativity. The activity enhanced focus, patience, and knowledge about India's national bird.

Quiz Competition

Students showcased their brilliance in Science & Current Affairs Quiz. These engaging sessions sparked curiosity, enhanced general knowledge, and boosted confidence while making learning fun and interactive!

Session on Emotional Intelligence

Students engaged in an interactive session to understand and manage emotions effectively. They learned empathy, self-awareness, and how to handle peer pressure with emotional balance.

WORD TO THE PARENT

Dear Parents,

Your role in shaping your child's future is invaluable. Home is the first school, and parents are a child's first teachers. In a rapidly changing world, children need strong values, essential life skills, and a supportive environment to grow into confident, responsible and compassionate citizens. We request your continued partnership in the following areas:

Together, Let's Support Our Children By:

- Instilling values: Encourage honesty, kindness, respect and empathy every day.
- Encouraging responsibility: Help them follow routines, complete tasks independently and take ownership of their work.
- Building life skills: Support the development of communication, problem-solving, decision-making and time-management skills.
- Nurturing curiosity: Motivate them to explore, ask questions, read and learn beyond textbooks.
- Promoting digital discipline: Guide them to use technology safely, wisely and in moderation.
- Modelling behaviour: Children learn more from observation than instruction—patience, discipline and positivity make a lasting impact.
- Strengthening the school-home partnership: Maintain regular communication with teachers and be actively involved in your child's learning journey.

As Examinations Approach, We Seek Your Support To:

- Create a study-friendly environment: Ensure a quiet and distraction-free space for regular study and revision.
- Encourage consistent routines: Help them maintain a balance between study, rest and recreation.
- Promote healthy habits: Adequate sleep, nutritious food and limited screen time enhance focus and performance.
- Motivate, don't pressure: Appreciate their efforts, offer encouragement and avoid comparisons.
- Monitor progress: Check notebooks, assignments and revision activities regularly.
- Teach organisation: Remind them to prepare in advance and carry required materials on time.
- Stay connected with teachers: Communicate regularly to understand academic needs and provide timely support.
- Build confidence and values: Teach honesty, discipline, resilience and a positive attitude—qualities essential for success.

Your involvement and guidance during this time will help our children remain focused, confident and well-prepared. Let us work together for their academic success and holistic growth.

Warm Regards,
Principal

Monthly e-news letter

November

2025 - 26

“Little feet create big footprints in the future.”

“Pink is not just a color, it’s an emotion of love and care.”

CELEBRATIONS

Children's Day

Smiles and fun lit up the day as the kindergarten kids celebrated Children's Day! They delighted everyone with energetic dances and charming performances. The entire event was a compilation of joyful, unforgettable moments for the little ones.

Pink Colour Day

Kindergarten celebrated Pink Colour Day with joy and sparkle! Children and teachers dressed in lovely pink shades, enjoyed fun craft activities, and explored the beauty of pink around them.

ASSEMBLY

World Kindness Day

Children shared simple acts of kindness—helping, sharing & using golden words. The session inspired them to be good and do good every day.

Thanksgiving Day

Kindergarteners presented a sweet Thanksgiving Day assembly using placards to express gratitude. They learned to appreciate family, teachers, friends, food and every blessing in life.

The Magic of Seasons

Our IK-III Mavericks beautifully showcased the wonders of Seasons through a fun-filled IM-based role play! Children explored seasonal changes and boosted their communication skills through interactive learning!

ACTIVITIES

Track Racing in the Mud

Kids rolled toy vehicles in mud, explored wheel sizes, spotted unique tracks & patterns, and enjoyed sensory play while boosting fine motor skills.

Visit of the Month - Joy of Giving – Arunodhaya Old Age Home

Our little Kindergarten hearts spread smiles and love as they spent time with the elderly, sharing gifts, songs, and laughter. Their innocent joy lit up every face with happiness!

Happy Reading Week Activity

Kindergarten kids celebrated Happy Reading Week visiting the library, meeting the librarian, and exploring age-appropriate books. This activity built early language skills, boosted vocabulary, and nurtured a love for reading.

Etiquette of the Month - Say No to Mobiles

Kindergarten little ones learned "Say No to Mobiles" through a fun video role play by the teacher and infirmary staff, followed by an engaging talk with the nurse. They understood harmful effects of mobile overuse and the value of healthy habits "Choose Play, Not Display!"

Activity of the Month – Buttering Fun

Kindergarten kids enjoyed the Activity of the Month – Buttering Fun! With teacher support, they learned to spread butter/jam on chapathi or bread, building daily-life skills, hand-eye coordination, and finger strength.

Fun Race of the Month – Fireless Cooking

Our tiny chefs from Kindergarten excitedly prepared delicious and healthy dishes like custard & chia pudding, cucumber boats and sprouts chaat. This hands-on activity boosted their creativity, teamwork, fine motor skills and healthy eating habits.

Role play on Acting Out Stories

IK-II kids enjoyed a fun role play of The Monkey and the Two Cats to boost listening & speaking skills! They worked as a team and learned a valuable moral — share and care!

WORD TO THE PARENT

Dear Parents,

Early childhood is the most sensitive and formative stage in a child's life. The emotional and psychological support children receive at home shapes their confidence, behaviour, social skills, and overall happiness. Your nurturing presence plays a key role in building a strong foundation for their future learning and well-being.

We kindly request your support in the following areas to promote Emotional Balance and Psychological Growth in children:

Provide emotional security: Spend quality time with your child and reassure them with love, attention, and gentle words.

Listen with patience: Allow children to express their feelings freely. Simply listening helps them feel valued and understood.

Encourage independence: Allow them to try simple tasks on their own. Small responsibilities build confidence and self-esteem.

Communicate openly: Listen to their thoughts, feelings, and questions with patience. This helps them express themselves freely.

Avoid comparisons: Every child grows at their own pace. Appreciate their strengths and celebrate their achievements, big or small.

Model positive behaviour: Children learn by observing adults. Your calmness, kindness, and respectful behaviour become their greatest lessons.

Limit screen time: Excessive screen use affects attention, language development, and emotional regulation. Engage them in stories, play, and hands-on activities instead.

Create a balanced routine: Ensure time for sleep, play, learning, and family bonding—these support emotional stability.

Encourage social interaction: Provide opportunities for play with peers, sharing, taking turns, and developing empathy.

Name their emotions: Use simple words such as happy, sad, angry, or scared to help them recognise and express their feelings.

Stay calm: Children learn through observation. Your calm responses teach them self-control.

Offer comfort and reassurance: A hug, gentle words, or a patient explanation builds emotional security.

Encourage problem-solving: Guide them to find simple solutions instead of reacting with frustration.

Teach empathy: Encourage sharing, helping, and caring for others to develop kindness and emotional understanding.

Together, let us create a nurturing environment where children feel safe, loved, and confident in expressing themselves. Your consistent support will help them develop emotional balance, resilience, and a positive outlook on life.
