- **Competency-Based Assessment** – Mr. Amirkhan, Chairperson, HSSC: Focused on competency-based assessment and modern methods of evaluating students' learning outcomes, skills, and competencies.
- **Mental Health & Well-being** – Dr. B. Ebanazeer Dr.APJ Abdul Kalam Professional Excellence Awardee in Education and Training.: Shared insights on empathy, mindfulness, resilience, and the CARE Model to promote mental health and emotional well-being.
- **CBSE Reforms in Academics** – Ms. Vineja Mani, CBSE Resource Person: Introduced CBSE academic reforms and progressive teaching strategies to enhance classroom practices and learning outcomes.
- **CBSE 3C Curriculum & Innovative Practices** – Ms. Anuradha, CAO, MDN Edify : Shared insights into the CBSE 3C Curriculum and innovative educational practices for effective and future-ready learning.
- **Ethics & Integrity** – Dr. Sai Ranga Rao, Retd. Deputy Commissioner, KVS: Emphasized ethical leadership, professional responsibility, and integrity among educators through the CBSE Capacity Building Programme.
- **Professional Values & Integrity** – Ms. Sudha Malini, CBSE Resource Person: Inspired educators to uphold professional values and adopt integrity-driven practices in their personal and professional lives.
- **Happy School Culture** – Mr. Santhi Swaroop, M Sc. Psychology, PG Diploma in Guidance & Counselling: Shared insights into building a happy school culture through positive discipline, emotional support, and joyful learning.
- **Emotional Well-being, Inclusion & Student-Centered Practices** – Ms.Meera Swaroop, M Sc. Psychology: Focused on emotional well-being, inclusion, and student-centered practices supporting the holistic development of every learner.

FIRST DAY TO SCHOOL

A New Beginning, A World of Possibilities!

The first day of school at Edify School, Tirupati marks the start of an exciting journey filled with learning, discovery, friendships, and growth. As classrooms come alive with energy and enthusiasm, we welcome our young learners to dream big, explore fearlessly, and make every day count!

STUDENT COUNCIL ELECTIONS 2026-27

Student Council Elections 2026–27

At Edify School, Tirupati, leadership is nurtured through meaningful experiences. Our Student Council Elections provide students with the opportunity to campaign, communicate their ideas, vote responsibly, and lead with integrity.

This democratic process empowers students to:

- Develop leadership qualities
- Build confidence and communication skills
- Foster teamwork and responsibility
- Make informed decisions and inspire positive change

CELEBRATIONS

INVESTITURE CEREMONY

With pride and honor, we witnessed the Investiture Ceremony 2026–27, where our newly elected student leaders took the oath to uphold the values of responsibility, discipline, and excellence.

Congratulations to all our student council members as they embark on this remarkable journey of leadership and service!

INTERNATIONAL YOGA DAY AND WORLD MUSIC DAY

Celebrating harmony of mind and melody! During the special assembly on International Yoga Day & Music Day, students showcased yoga asanas and shared inspiring thoughts on their significance. The event encouraged healthy living, inner peace, and a deeper appreciation for music and its transformative power.

ACHIEVEMENTS

CBSE Cluster VII Athletics Championship 2026–27

A proud moment for Edify School, Tirupati!

Our students delivered an exceptional performance at the CBSE Cluster VII Athletics Championship 2026 - 27.

17 Gold Medals

10 Silver Medals

11 Bronze Medals

38 Medals in Total

Girls' Team crowned Overall Champions for the 4th consecutive year!

Adding to this remarkable achievement, 10 girls and 2 boys have qualified for the CBSE National Athletics Championship 2026-27.

Congratulations to our talented athletes, dedicated coaches, and the entire Edify family for this outstanding success.

Celebrating Excellence!

Checkmate to Success!

Congratulations!

N. Khiansh, of Grade - II for securing **1st Runner-Up in Level I(B)** at the **National Gala 2026 Master Mind Abacus Competition**, held in Hyderabad, Telangana.

Calculating Success, One Victory at a Time!

Congratulations!

P. Varenja, of Grade - V 3. earned an **A+ Grade** in **Math Abacus (Level I)** and received the "**Naatya Ranjitha**" Award in Kuchipudi. **Excellence in Every Step!**

Excellence in Every Step!

GUEST LECTURES

Guest lecture by Dr. Priyanka on Oral hygiene

Healthy Smiles, Bright Futures!

Grade-IV students actively participated in an engaging oral hygiene session by Dr. Priyanka, BDS, MDS Gold Medalist. Through interactive learning, they discovered the importance of proper brushing, healthy eating habits, and regular dental care for strong teeth and healthy gums.

Guest lecture by Dr. V. Raj Yashwanth on The Human Eye

Grade V students attended an insightful guest lecture on the Structure, Function, and Common Issues of the Eye by Dr. V. Raj Yashwanth. The interactive session promoted eye health awareness, healthy screen habits, and preventive vision care measures.

Guest lecture by Dr. Kavya J on Body Organs and Healthy living

Grade II students gained valuable insights from Dr. Kavya J on body organs and healthy living, learning the importance of nutritious food, exercise, hygiene, and smart choices for a strong, active life.

Healthy Today, Strong Tomorrow!

Guest lecture by M.A.Sadik on Civil Services

Grades IX students attended an insightful Civil Services Awareness Session by Mr. M. A. Sadik, Founder & Director, Smart Leaders IAS Academy. The session provided a clear understanding of the Civil Services Examination process, eligibility, preparation strategy, and the pathway to becoming an IAS, IPS, or IFS officer, inspiring students to set ambitious career goals from an early age.

CLUBS

Media Club – “Capturing Stories. Amplifying Voices.”

Media Awareness

Media Club students explored the importance of media, responsible social media usage, its merits and demerits, and effective ways to manage screen time. The session promoted digital awareness, critical thinking, and healthy online habits.

Preparing Logo

The Media Club students actively participated in a creative logo designing activity. They worked together to design a unique and meaningful logo representing the vision, creativity, and spirit of the Media Club. Through this activity, students explored their imagination, developed their graphic-design skills, and learned the importance of teamwork and visual communication. The students enthusiastically shared their ideas and transformed them into an attractive logo that reflects the identity of the Media Club.

About Elections

Through an engaging skit, Media Club educated students about elections, inspiring active participation and informed decision-making. The activity highlighted democratic values, encouraged awareness beyond popularity, and made learning relatable by sharing memorable school election experiences.

El Niño and La Niña

Media Club conducted an engaging session on El Niño and La Niña, where students shared observations and discussed their impact on the Indian monsoon, agriculture, and weather, fostering climate awareness and critical thinking.

Social Media: Harmful or Helpful?

Voices that inspire responsible choices! Through a thought-provoking Media Club Debate on “Social Media: Harmful or Helpful?”, students strengthened critical thinking, public speaking, respectful dialogue, and awareness of safe, responsible digital citizenship.

Historical Photo and Its Stories

The Media Club’s Historical Photo and Its Stories activity encouraged students to analyze one image through multiple perspectives, fostering critical thinking, historical understanding, respect for diverse viewpoints, and evidence-based interpretation.

Literary Club – “Ink your thoughts, Voice your vision .”

Creative passports and colorful word portraits

Literary Club students designed creative passports and colorful word portraits, enhancing vocabulary, self-expression, confidence, and organizational skills. These engaging activities encouraged learners to reflect on their journey, showcase their personalities, and communicate ideas effectively.

If I Were a Doctor

Our students showcased their creativity through “If I Were a Doctor” and “Think in Threes”, engaging in activities that enhanced their imagination, communication, and advanced vocabulary.

Building confident communicators, one word at a time!

Spell Bee–Word Wizard and Cooking Up a Story

The Literary Club’s Spell Bee–Word Wizard and Cooking Up a Story activities enriched vocabulary, spelling, and pronunciation while nurturing creativity, confidence, attentive listening, logical thinking, and communication skills, inspiring students to become expressive and imaginative learners.

Book Talk and Front Page Flash

Literary Club inspired students through Book Talk and Front Page Flash Challenge, enhancing reading, public speaking, creative writing, headline creation, teamwork, and communication. Every page sparks a new possibility!

Building Words, Creating Stories

Words that connect, minds that grow! Through Pass the Sentence and Vocabulary Pyramid, Literary Club students enhanced listening, memory, communication, teamwork, and vocabulary while mastering meanings, parts of speech, synonyms, antonyms, and sentence usage.

Roar for Tigers and The Art of Hidden Poetry

The Literary Club inspired creativity and awareness through Roar for Tigers and The Art of Hidden Poetry. Students explored tiger conservation, enhanced communication and critical thinking, and transformed prose into expressive poetry, strengthening vocabulary and literary appreciation.

Eco Club – “Greener minds for a cleaner Earth .”

Small Promises Today, A Greener Tomorrow!

Eco Club students expressed their love for nature through Earth Hero Promise Leaves, Eco-Friendly Superheroes, Green Promise Trees, and sustainability badges, promoting creativity, environmental responsibility, and simple eco-friendly practices for a better future.

Love for Nature

Our students expressed their love for nature by creating beautiful Nature Frames and My Green Leaf Journals, inspiring creativity while fostering environmental awareness.

Together, we nurture young minds to care for and protect our planet.

Best Out of Waste

Eco Club inspired sustainability through creating newspaper bags and flower vases from recycled bottles, fostering creativity, environmental responsibility, and eco-conscious living.

Seed Ball Making and Pass the Green Ball

Sowing hope for a greener tomorrow! Eco Club students engaged in Seed Ball Making and Pass the Green Ball, fostering environmental responsibility, teamwork, confidence, communication, and eco-awareness through interactive learning.

Bird Feeders and Explored Ecosystem

Eco Club students crafted bird feeders and explored ecosystem models through interactive, hands-on activities. They learned to care for birds, understand biodiversity, identify ecosystem components, and appreciate conservation while fostering creativity, teamwork, empathy, and sustainable living practices.

Best Out of Waste and Nukkad Natak

The Eco Club inspired sustainability through Best Out of Waste and a Nukkad Natak on environmental conservation. Students embraced the 3Rs, showcased creativity, strengthened communication skills, and motivated communities to adopt eco-friendly practices.

Cuisine Club – “Sizziling ideas, Savory results .”

Crispy Chaat Squares

Cuisine Club students prepared delicious Crispy Chaat Squares while learning healthy eating habits, kitchen hygiene, and food safety. The activity encouraged teamwork, responsibility, and awareness of personal hygiene, helping learners build essential life skills.

Healthy eating habits and Delicious Coconut Laddoos

Our students participated in an interactive session on healthy eating habits and prepared delicious Coconut Laddoos, learning the importance of nutritious food through hands-on experience.

Healthy choices today build healthier lives tomorrow!

Nutri Nibbles and Dry Fruit Rolls

Cuisine Club students prepared Nutri Nibbles and Dry Fruit Rolls, discovering healthy and delicious recipes. The activity promoted nutritious eating, hygiene, teamwork, creativity, and confidence while enhancing fine motor skills and understanding the benefits of fibre-rich, energy-boosting foods.

Rainbow Crunchy Bowl and Cucumber Sandwich

Cuisine Club delighted students with preparing a Rainbow Crunchy Bowl and Cucumber Sandwich, promoting healthy eating, nutrition, hygiene, teamwork, creativity, and confidence.

Golden Munchies and Swiss Rolls

Healthy bites, happy minds! In Cuisine Club, students prepared Golden Munchies and Swiss Rolls, discovering nutritious ingredients, food hygiene, teamwork, creativity, confidence, and fine motor skills while learning to make quick, wholesome snacks.

Tiny Tangy Treat and Tortilla Veggie Wrap

Young chefs of the Cuisine Club prepared Tiny Tangy Treat and Tortilla Veggie Wrap, discovering the nutritional value of vitamin C, fibre, and minerals. The activity encouraged healthy food choices, hydration, immunity, and smart snacking through hands-on learning.

Creative Club – “Where imagination meets creation!”

Logo Handband Making

Creative Club students enthusiastically crafted personalized handbands featuring the club logo, fostering creativity, artistic expression, and innovation. The activity strengthened imagination, nurtured craftsmanship, and instilled a sense of belonging, pride, and identity within the Creative Club community.

Paper Pinwheels and Paper Cup Windmills

Our students created Paper Pinwheels and Paper Cup Windmills, exploring the concepts of wind and motion while enhancing their creativity and fine motor skills.

Octopus hangings and Colourful Windsocks

Creative Club students designed octopus hangings and colourful windsocks, enhancing creativity, fine motor skills, hand-eye coordination, and teamwork. Through hands-on crafting, they explored sea animals and discovered how wind moves lightweight objects in a fun and engaging way.

Decorative Hangings

Creative Club celebrated the Jagannath Rath Yatra through decorative hangings, nurturing creativity, fine motor skills, teamwork, and appreciation for India's rich cultural heritage.

Newspaper Craft

Turning waste into wonderful creations! Through Newspaper Craft – Best Out of Waste, Creative Club students enhanced fine motor skills, creativity, geometric shape recognition, and artistic expression while embracing recycling and sustainable art.

Creative Expressions in Every Fold

Creativity came alive in the Creative Club as students designed colourful crafts, rainbow unicorns, dancing paper dolls, and painted plastic covers. These engaging activities enhanced fine motor skills, creativity, problem-solving, colour sequencing, and spatial awareness.

FIELD TRIPS

Educational trip to Anatomy Lab – Grade - III Students

Field trip to Exploring Worship – Grade - I Students

Field trip to Chandragiri Fort – Grade - V Students

SPECIAL ASSEMBLY

National Doctor's Day

Celebrating the Heroes in White Coats! Our special Doctor's Day assembly featured inspiring speeches and a meaningful skit, honouring doctors' selfless service while encouraging students to value health, compassion, and humanity.

World Population Day

Growing responsibly today for a sustainable tomorrow!

Ignis House marked World Population Day through a special assembly, creating awareness about population growth and its impact on resources. Students highlighted the importance of sustainable development and protecting the environment to build a balanced and prosperous future.

World Nature Conservation Day

Primary Aqua House and Secondary Terra House presented a meaningful skit on World Nature Conservation Day, highlighting nature's importance and inspiring eco-friendly habits to protect forests, wildlife, rivers, and resources for future generations.

IM BASED ASSEMBLY

Grade- IV Stalwarts – Presentation on Healthy and Sick Habits

Grade- IV Titans – Presentation on Types of Teeth

Grade- IV Pioneers – Presentation on Exploring Roman Numerals

Grade- IV Achievers – Presentation on Balanced Diet

Grade- III Mavericks – Presentation on The Body's Super Squad

Grade- III Stalwarts – Presentation on Human Organ System Failure

Grade- III Titans – Presentation on Functions of Organ System

Grade- III Pioneers – Presentation on Rounding Numbers

Grade- III Achievers – Presentation on Abstract and Collective Nouns

Grade- II Mavericks – Presentation on Healthy Habits

Grade- II Stalwarts – Presentation on Importance of Family

Grade- II Titans – Presentation on Exploring Gender Nouns

Grade- II Pioneers – Presentation on How to Be a Good Neighbour

Grade- V Mavericks – Presentation on Divisibility Rules

Grade- V Stalwarts – Presentation on The Power of Modal Verbs

Grade- V Titans – Presentation on From Symbols to Scripts

Grade- V Achievers – Presentation on Factors And Its Properties

Grade- III Stalwarts – Presentation on Harvest Festivals of India

GROUP ACTIVITIES

Assembly Etiquettes & Smart Line Walk

Grade-I - V students enthusiastically participated in an interactive session on Assembly Etiquettes & Smart Line Walk, learning proper assembly manners, disciplined movement, correct formation, spacing, and orderly dispersal. The activity strengthened coordination, responsibility, and respect for school discipline.

Cafeteria Etiquettes

Good manners begin at the dining table!

Through an interactive session on cafeteria etiquettes, primary students learned discipline, orderly queuing, cleanliness, responsibility, respect, and table manners, fostering positive habits for a well-organized and enjoyable dining experience.

Water Etiquettes

Grade-I - IV Students participated in engaging activities on Water Usage and Washing Etiquette, learning the importance of conserving water and practicing good hygiene in their daily lives.

At Edify School, we nurture responsible citizens through meaningful learning experiences.

Self Awareness

Grade-I - III students built self-awareness through role play on Good Touch, Bad Touch, and Confusing Touch, learning to respond confidently with “No,” “Stop,” and to seek help from trusted adults in real-life situations.

Food Festival integrating English and EVS

Grade IV students celebrated a vibrant Food Festival integrating English and EVS, exploring global cuisines to understand how every dish reflects a country's culture, traditions, and food practices while fostering appreciation for culinary diversity.

Various Art Forms of India

Grade V students explored India's rich artistic heritage by identifying traditional art forms like Madhubani, Kalamkari, Warli, and Pattachitra, enhancing creativity, cultural appreciation, and artistic expression through an engaging group activity.

WEEKEND WONDERS

Awareness Session on Hygiene and Personal Care

Grades VI–IX engaged in an insightful Presentation on Hygiene and Personal Care, exploring puberty, self-care, healthy habits, safe grooming, emotional well-being, and positive self-esteem—empowering students to embrace adolescence with confidence.

Personality Development & Effective Communication

Through an interactive Life Skills session, secondary students explored personality development, grooming, hygiene, positive thinking, time management, and respectful communication, empowering them to grow into confident, kind, and responsible individuals.

Bullying, Peer group influence, and Handling Criticism

Strong minds make kind choices and resilient leaders.

An interactive Saturday session for Grades VI-IX on bullying, peer group influence, and handling criticism began with a real-life story, helping students understand the consequences of negative behaviour and the importance of healthy habits, emotional control, and meditation for a balanced mind.

Anger Management and Emotional Intelligence

Grades VI to IX students attended an engaging Guest Lecture on Anger Management and Emotional Intelligence by Prof. Bhaskar Naidu, Department of Clinical Psychology, School of Health Sciences, The Apollo University, Chittoor.

Science In Action

Grade VI students brought the Periodic Table to life through creative role play, wearing handmade element headbands to represent each element and its properties. Quizzes, puzzles, and riddles made learning engaging, interactive, and memorable.

Grade VII students portrayed organs of the human body to life through an engaging role play, portraying 14 organs and their functions. Interactive quizzes, riddles, and house-wise challenges made learning collaborative, competitive, and memorable.

Grade VIII students showcased scientific thinking through the exciting Mystery Science Auction, featuring five bidding rounds where knowledge earned points. This unique, interactive quiz fostered teamwork, critical thinking, and enthusiastic participation.

Grade IX students strengthened their scientific vocabulary through an exciting Science Bingo on scientific terms and innovations. By answering questions and solving the bingo puzzle, they earned points while making learning engaging and enjoyable.

CLASSROOM ACTIVITY

Unveiling the Secrets of the Medieval Period

Grade VII students explored Archaeological and Literary Sources of the Medieval Period, gaining insights into past lifestyles, occupations, trade, culture, rulers, and administration. The activity helped them compare written records with archaeological findings, enhancing historical understanding and analytical skills.

Human-Made Satellites

Grade-VI students explored the fascinating world of Human-Made Satellites through an interactive classroom activity. They learned how satellites support communication, internet services, weather forecasting, navigation, disaster monitoring, scientific research, and national security, highlighting their vital role in modern life.

History—When, Where & How

Grade-VIII students explored “Data Collection and Organisation: History—When, Where & How” by researching Construction of British-period. This hands-on activity strengthened historical inquiry, data organization, analytical thinking, and deepened their understanding of the diverse sources of Modern Indian History.

Balanced Diet

Grade VI students enthusiastically created Balanced Diet Charts, exploring nutrients, food groups, and healthy food choices. This interactive activity strengthened awareness of balanced nutrition while connecting classroom learning with everyday eating habits.

BOARDERS

Trek to Thanapalli Mound

Our residential students embarked on a memorable trek to Thanapalli Mound, soaking in the beauty of nature and enjoying a breathtaking sunrise view.

Trek to Arunagiri

Our residential students enjoyed an exciting trekking experience, surrounded by breathtaking hill views, a serene lake, and refreshing breezy weather. It was a day filled with fun, adventure, and unforgettable memories!

Interhouse Cricket Match

Energy soared at the Boarders Interhouse Cricket Match! Students showcased excellent teamwork, coordination, and sportsmanship, fostering leadership qualities and strong team spirit. A thrilling display of unity, strategy, and passion on the field!

Poster Making Activity

Creativity with purpose! In our Residential Saturday Activity, students created posters on Mother, Nature, and Divine themes, expressing emotions artistically while nurturing responsibility, compassion, and hope towards family, society, and environment.

Healthy Habits

Through an engaging Presentation and interactive discussion, students explored the importance of personal hygiene. Active participation reflected their understanding of healthy habits, disease prevention, and the vital link between hygiene, physical health, and mental well-being.

Interactive roleplay for Effective Communication

Through engaging role-plays, wordless dialogues, and gesture icebreakers, students explored the power of non-verbal communication. They enhanced body language awareness, using facial expressions, posture, and gestures to communicate confidently and effectively.

The Battle of Brilliant Minds

Knowledge met competition in an exciting G.K. Quiz Competition! Eight teams participated enthusiastically in two challenging rounds, showcasing their awareness, quick thinking, and teamwork. The event fostered learning, confidence, and a spirit of healthy competition among students.

Thanksgiving Activity

Residential students participated in a meaningful Thanksgiving activity, celebrating gratitude, empathy, and connection. They enthusiastically prepared and presented heartfelt tributes to their parents, teachers, and friends, expressing appreciation and strengthening bonds through thoughtful sharing with peers.

Effective Communication

Residential students participated enthusiastically in an interactive session on Effective Communication. Through paper-folding and blindfold activities, they discovered the importance of active listening, two-way feedback, clear verbal instructions, and teamwork, while identifying communication gaps and strengthening collaboration skills.

Learning through Laughter

Fun, Play & Learning Together! Residential students enthusiastically participated in role-play games that strengthened listening, visual processing, communication, teamwork, and confidence. Learning becomes unforgettable when fun leads the way!

Shine Bright & Showcase Your Talent

Every Talent Deserves a Stage! Residential students enthusiastically showcased their unique talents, fostering confidence, creativity, and community spirit beyond academics. A celebration of passion, expression, and limitless potential! Let Every Talent Shine!

Session on Self Discipline

Through an engaging session, residential students reflected on their habits, strengthened willpower, embraced positive choices, and learned to stay focused on their goals.

Discipline today, success tomorrow!

Word Master Activity

Words came alive through an exciting Word Master role-play!

Students enthusiastically formed words, expanded their vocabulary, and showcased their lexical skills. The top scorer earned the title "Word Master!" Learning was truly fun in action!

Understanding Group Dynamics

Through an engaging interactive session, students explored the value of teamwork, understanding diverse perspectives, and appreciating each other's strengths. The experience nurtured collaboration, empathy, and leadership—essential skills for personal and professional success.

Science Hands-on Demonstration

Learning goes beyond textbooks! Our Residential Students enthusiastically participated in an exciting Science Hands-on Demonstration Session, where they explored scientific concepts through interactive experiments and practical activities.

Interpersonal Communication

Through an engaging role-play and a “Squid Game”-inspired team activity, students strengthened interpersonal communication, active listening, comprehension, collaboration, and teamwork. The interactive session fostered confidence, meaningful connections, and effective communication skills.

Words Build Wonders

Residential students strengthened vocabulary through interactive role play, word scrambler, and vocabulary charades using pen and paper. These engaging activities enhanced word knowledge, spelling retention, confidence, and communication skills.

Self-Care Session

A Residential Self-Care Session empowered students through an interactive presentation, equipping them with practical strategies for stress management, healthy routines, and emotional well-being.

3 Hours of Fun & Learning

Residential Students of Grades VI to IX enthusiastically participated in the “3 Hours of Fun & Learning” programme.

Through fun-filled and interactive sessions, they explored new ideas, built self-confidence, developed life skills, and created wonderful memories.

Every experience is a step towards becoming confident, responsible, and future-ready learners!

CUISINE CLUB

Cornflakes Chaat

Students prepared a delicious Cornflakes Chaat, blending crunchy cornflakes with fresh fruits and vegetables to create a quick, flavourful, guilt-free snack packed with essential nutrients. strategies for stress management, healthy routines, and emotional well-being.

Veg Sandwich

Residential Cuisine Club served up healthy fun with delicious veg sandwiches! Students explored nutritious ingredients, learned an easy snack recipe, and discovered that healthy eating can be simple, tasty, and filling.

ECO CLUB

Air Pollution

Students created awareness about air pollution through engaging discussions and practical preventive measures, inspiring responsible environmental stewardship. The activity empowered young minds to embrace sustainable habits for a cleaner, healthier tomorrow.

Protect Nature, Protect Wildlife

Residential Eco Club students explored how ecological imbalances affect wildlife through impactful chart-based group activities. The session nurtured environmental awareness, teamwork, and responsibility towards protecting biodiversity.

LITERARY CLUB

Literary Passports

Students created their own Literary Passports, transforming reading and writing into an exciting journey. Weekly stamps celebrated exploration of diverse genres, cultures, and creative expression, nurturing lifelong readers and confident writers.

I Would Like to Become

Residential Literary Club inspired students to present “I Would Like to Become...” through creative posters, expressing dreams and career goals while building confidence, self-awareness, communication, and public speaking skills.

CREATIVE CLUB

Origami bug

Through an engaging origami bug activity, students enhanced imagination, concentration, self-expression, and creativity while exploring nature, colours, and patterns. Every fold inspired confidence and transformed simple paper into meaningful learning.

Unicorn Paradise

Creativity took flight as students crafted colourful Unicorn Paradise using colour paper. The activity enhanced fine motor skills, colour recognition, sequencing, artistic expression, neatness, and organisation.

MEDIA CLUB

One Photo–Many Stories

Through the One Photo–Many Stories competition, Residential Media Club inspired students to transform images into imaginative narratives, strengthening visual literacy, creativity, communication, and storytelling skills.

WORD TO THE PARENT

Dear Parents,

The CBSE curriculum is increasingly moving towards competency-based and experiential learning, with greater emphasis on conceptual understanding, application of knowledge, critical thinking, creativity and problem-solving rather than rote memorisation. Assessment is also evolving to measure what students understand and can apply, through varied forms of competency-based questions and school-based assessments.

A warm welcome to the new academic year! As we begin another exciting year of learning and growth, we look forward to strengthening the partnership between the school and parents. Together, we can provide our children with the guidance, encouragement and opportunities they need to become confident, capable and responsible individuals.

The first months of the academic year is an important time for children to settle into new routines, build positive relationships and develop healthy learning habits. Parents can support this transition by ensuring regular attendance, punctuality, adequate rest, balanced use of technology and a dedicated time for reading and learning at home.

As parents, your role is vital. Encourage your child to read beyond textbooks, ask questions, learn from mistakes, participate in activities and develop healthy study habits. Regular attendance, punctuality, adequate rest, responsible use of technology and open communication with teachers will contribute greatly to their overall development.

Let us remember that marks are only one part of a child's educational journey. Building character, confidence, curiosity, resilience and essential life skills is equally important.

Let us work together to make 2026–27 a year of meaningful learning, joyful discovery and holistic development for every child.

With warm regards,
Principal

Monthly E-Newsletter

June - July

2026 - 27

"Red Colour Day: A celebration filled with love, laughter, and learning!"

"Little learners, big dreams, and beautiful beginnings!"

FIRST DAY OF KINDERGARTEN

A joyful welcome for our kindergarten stars! Through songs, rhymes, storytelling, ice-breaker games, and fun classroom activities, children happily interacted, built confidence, made new friends, and began their learning journey with smiles and excitement.

CELEBRATIONS

Red Colour Day

Our Kindergarten stars celebrated Red Colour Day with excitement, creating beautiful handcrafts to enhance fine motor skills while showcasing red toys and vegetables. The joyful celebration made learning colours fun, creative, and memorable!

Vanamahotsav Week

Our Kindergarten stars celebrated Vanamahotsav Week through a delightful role play, learning how plants grow and why trees deserve our love, care, and protection.

Plant Today, Protect Tomorrow!

Green Colour Day

Green Colour Day bloomed with joy as our Kindergarten students dressed in vibrant green and enjoyed fun colouring activities. Their hands-on experiences made learning exciting while celebrating nature's beautiful hue.

ASSEMBLY

National Doctor's Day

Honouring the hands that heal, inspiring the hearts that care!

Little Doctors, Big Hearts! Our Kindergarten children celebrated Doctor's Day through an interactive session, dressed as doctors, confidently speaking about their role and presenting handmade greeting cards to our school infirmary staff—celebrating compassion, care, and gratitude.

Discovering Our Body parts

IK-II Mavericks explored the Anatomy of body parts through picture cards, confidently identifying and naming each one. The activity enhanced communication, public speaking skills, and body awareness in a fun, interactive way.

Exploring the Sense Organs

IK-III Mavericks presented an engaging assembly on the five sense organs, confidently explaining their functions. The interactive session enhanced observation skills, encouraged participation, and helped children understand how our senses guide everyday experiences.

World Nature Conservation Day

IK–III Mavericks presented a special assembly on World Nature Conservation Day, inspiring children to protect plants and animals, reduce pollution, and embrace environmental responsibility.

Caring for the Five Sense Organs

IK-III Stalwarts presented an engaging assembly on caring for the five sense organs, highlighting healthy habits, hygiene, nutritious eating, and protective practices. The interactive session inspired young learners to value and safeguard their senses every day.

Vanamahotsav Week

During Vanamahotsav Week, our children presented a meaningful assembly on “Save Trees, Save Earth.” They highlighted the importance of trees in protecting nature, providing oxygen, and maintaining a healthy environment. Through their presentation, they encouraged everyone to plant more trees and take responsibility for a greener Earth.

FIELD TRIPS

Field trip to Places Of Worship – Grade – IK-II & IK - III Students

Kindergarten's Visit of the Month took young learners to a Jain Temple, Mosque, and Church, fostering respect for diverse faiths, understanding places of worship, and the values of unity, harmony, and inclusion.

ACTIVITIES

Pre-Writing Skills

Little Strokes, Big Milestones!

IK-II children joyfully explored pre-writing skills by practicing standing, sleeping, curved, and zigzag lines. The activity strengthened pencil grip, hand control, and concentration while making early learning fun, engaging, and confidence-building. Every stroke shapes a bright future!

Magic Mirror Activity

Through the interactive Magic Mirror activity, children identified body parts and sense organs, boosting self-awareness, confidence, observation, and communication skills while making learning fun, engaging, and meaningful.

Clay Modeling

Our Kindergarteners had a delightful clay modelling session, creating colourful shapes and objects by rolling and moulding clay. The activity nurtured creativity, fine motor skills, hand-eye coordination, finger strength, and concentration through hands-on fun.

Mirror My Emotions

IK-II students explored emotions through the “Mirror My Emotions” IM activity, identifying feelings and imitating expressions. The engaging experience nurtured self-awareness, emotional expression, and social-emotional skills with confidence and joy.

Little Nose Explorers

IK-III students enjoyed the “Little Nose Explorers” IM activity, identifying pleasant, pungent, and stinky smells using everyday safe items. The activity strengthened sensory awareness, observation, vocabulary, and understanding of the nose as a sense organ.

School Tour

IK-III students enjoyed the “Little Nose Explorers” IM activity, identifying pleasant, pungent, and stinky smells using everyday safe items. The activity strengthened sensory awareness, observation, vocabulary, and understanding of the nose as a sense organ.

Yummy Taste Time

Yummy Taste Time delighted IK-III learners as they explored the five basic tastes through a fun, hands-on session, enhancing sensory awareness, observation, vocabulary, and active participation.

Ball & Spoon Race

Our Kindergarten students enthusiastically participated in the Ball & Spoon Race, showcasing their balance, coordination, and determination. Every smile, every step, and every finish made the event truly memorable!

Count, Match & Learn

Through a fun hands-on learning experience, children counted balls and matched them with the correct number cards, strengthening one-to-one correspondence, observation, logical thinking, and fine motor skills.

Blindfold Game

IK-III learners enjoyed an exciting Blindfold Game, identifying friends by listening carefully to their voices. The activity strengthened hearing, concentration, and sensory awareness, showing how our other senses support us when one is unavailable.

Family Role-play

Through an engaging family role-play, IK-II Mavericks explored the roles and responsibilities of family members, fostering communication, confidence, cooperation, and respect while appreciating the love and care that strengthen every family.

Silent Ear

IK-III learners enjoyed the Silent Ear Fun activity, passing whispered messages from one friend to another. This engaging session strengthened listening, attention, memory, and speaking skills while making learning interactive, exciting, and full of laughter.

WORD TO THE PARENT

Dear Parents,

A warm and joyful welcome to the new academic year!

The first months of school is an important period for our little learners as they become familiar with their teachers, friends, classroom routines and the new learning environment. With love, patience and encouragement, this transition can become a happy and enriching experience. Our Pre-Primary programme emphasises play-based, activity-based and experiential learning, where children learn through stories, music, movement, art, exploration and hands-on experiences. At this stage, our focus is on building curiosity, confidence, communication, social skills and positive learning habits.

The Role of Parents

Parents are the child's first and most important educators. Your support at home plays a vital role in building a strong foundation for learning.

- Establish a regular routine for waking up, meals, play, learning and bedtime.
- Encourage independence in simple daily activities such as eating, dressing and organising belongings.
- Read stories and engage your child in meaningful conversations every day.
- Encourage your child to express thoughts, feelings and experiences freely.
- Provide opportunities for drawing, colouring, building, singing and imaginative play.
- Limit unnecessary screen time and encourage active play and interaction.
- Appreciate effort and progress rather than comparing your child with others.
- Maintain regular communication with teachers and share any concerns or observations about your child.
- Most importantly, speak positively about school and help your child develop confidence and a love for learning.

Most importantly, please remember that every child learns and settles at their own pace. Let us celebrate their small achievements, listen patiently to their experiences and encourage their curiosity.

Every child is unique and develops at their own pace. Let us work together with patience, understanding and trust to nurture their individual strengths.

Together, let us give our little ones a joyful beginning, a strong foundation and the confidence to learn, explore and grow.

With warm regards,
Principal
